THE
ANATOMICAL RECORD

Volume 10, No. 1, 1936
Published by the
American Anatomical Association
at the University of Chicago Press
Chicago, Illinois

CONTENTS

1. The Structure of the Human Brain
2. The Structure of the Human Heart
3. The Structure of the Human Lung
4. The Structure of the Human Liver
5. The Structure of the Human Kidney
6. The Structure of the Human Pancreas
7. The Structure of the Human Spleen
8. The Structure of the Human Thymus
9. The Structure of the Human Adipose Tissue
10. The Structure of the Human Bone

CONTENTS

No. 1 AUGUST, 1934

EDNA FAIRMAN AND GEORGE W. CORNER. The bone-marrow volume of the albino rat	1
FRANK MEOLA. The effect of elevated temperature on the mitochondria of the guinea pig pancreas	5
G. W. D. HAMLETT. Uterine bleeding in a bat, <i>Glossophaga soricina</i> . Two plates (fourteen figures)	9
G. S. MARSHALL AND J. G. HOWARD. An inexpensive coarse adjustment remote control for photomicrography. One plate (three figures)	19
HOMER B. LATIMER. Prenatal growth of the cat. IV. Growth in length and weight of the digestive tube. Six figures	23
AURA E. SEVERINGHAUS. Cytological studies on the rat pituitary after injections of pregnancy urine extract and pregnancy blood serum	43
WARREN O. NELSON. Studies on the physiology of lactation. IV. The assay of the lactogenic hormone of the anterior hypophysis	69
DOUGLAS P. MURPHY. The weight of rat ovaries after hysterectomy	77
ALDEN B. DAWSON. Further studies on epiphyseal union in the skeleton of the rat	83
ALDEN B. DAWSON. The occurrence of scattered hair-cells (?) other than typical neuromasts in the lateral-line canal system of the catfish, <i>Ameiurus nebulosus</i> . One plate (six figures)	87
SYLVIA H. BENSLEY. On the presence, properties and distribution of the intercellular ground substance of loose connective tissue. One plate (two figures)	93
V. E. HALL AND G. N. PIERCE, JR. Litter size, birth weight and growth to weaning in the cat. Two figures	111

No. 2 SEPTEMBER, 1934

RICHARD T. CLARK. Studies on the physiology of reproduction in the sheep. I. The ovulation rate of the ewe as affected by the plane of nutrition	125
RICHARD T. CLARK. Studies on the physiology of reproduction in the sheep. II. The cleavage stages of the ovum. One text figure, one graph and four plates (twenty figures)	135
RICHARD G. ABELL. Studies of the reaction between methylene blue and living cells and tissues in the transparent moat chamber introduced into the rabbit's ear. Two figures	161
EDWARD SINGER AND R. L. ZWEMER. Microscopic observations of structural changes in the adrenal gland of the living frog under experimental conditions	183
GEORGE D. WILLIAMS, CHRISTOPHER H. MARTIN AND LANDON R. MCINTIRE. Origin of the deep and circumflex femoral group of arteries. One figure	189
PARKE H. SIMER. The distribution and drainage of omental lymphatics in the dog and cat. Five figures	197
J. GILLMAN. The cellular cycle, the Golgi apparatus and the phenomenon of reversal in the human thyroid parenchyma. Four figures	209
ELBERT B. RUTH. The os priapi: A study in bone development. Three plates (sixteen figures)	231

No. 3 OCTOBER, 1934

R. R. BENSLEY AND N. L. HOERR. Studies on cell structure by the freezing-drying method. V. The chemical basis of the organization of the cell. One figure	251
CLAY B. FREUDENBERGER AND P. M. HOWARD. The absorption of estrogenic substances of pregnant urine administered orally to young rats	267
HAROLD CUMMINS. A significant example of pedunculated postminimus. One figure	273
CARL R. MOORE, GEO. FINLAY SIMMONS, L. J. WELLS, M. ZALESKY AND WARREN O. NELSON. On the control of reproductive activity in an annual-breeding mammal (<i>Citellus tridecemlineatus</i>)	279
MOSES ZALESKY. A study of the seasonal changes in the adrenal gland of the thirteen-lined ground squirrel (<i>Citellus tridecemlineatus</i>), with particular reference to its sexual cycle. One chart and two plates (seven figures)	291
H. SELYE AND T. MCKEOWN. Further studies on the influence of suckling. Seven figures	323
B. MARDEN BLACK. The prenatal incidence, structure and development of some human synovial bursae. Eight figures	333
J. M. WOLFE, E. T. ELLISON AND LOUIS ROSENFELD. Morphological studies on the anterior pituitaries of mature female rats receiving injections of pregnancy urine extracts. Two plates (thirty-six figures)	357
GEORGE W. CORNER. Book Review. Franklin Paine Mall; The Story of a Mind. By Florence Rena Sabin. The Johns Hopkins Press. 1934	373

No. 4 NOVEMBER, 1934

PRESTON KYES AND TRUMAN S. POTTER. Physiological marrow ossification in female pigeons	377
FREDERICK E. EMERY AND CHARLES A. WINTER. The adrenotropic substance of the hypophysis as influenced by age, castration, sex and thyroparathyroidectomy. Two figures	381
PAULINE H. DEDERER. Polyovular follicles in the cat. Three plates (eleven figures) ...	391
HERBERT M. EVANS AND MIRIAM E. SIMPSON. The response of the gonads of immature pigeons to various gonadotropic hormones	405
HERBERT M. EVANS AND MIRIAM E. SIMPSON. Reduction of the thymus by gonadotropic hormone	423
PAUL WEISS. Motor effects of sensory nerves experimentally connected with muscles ...	437
R. R. BENSLEY AND N. L. HOERR. Studies on cell structure by the freezing-drying method. VI. The preparation and properties of mitochondria	449
W. U. GARDNER, A. W. DIDDLE, EDGAR ALLEN AND L. C. STRONG. The effect of theelin on the mammary rudiments of male mice differing in susceptibility to tumor development. Three plates (twenty-two figures)	457
ELIZABETH SELMA ZSCHIESCHE AND E. FRANCES STILWELL. Intercalated discs of the heart muscle of the guinea pig. Counts of the number of discs present at eight ages of normal animals and in two experimental groups. One figure	477
R. G. WILLIAMS. The transparent chamber adapted for cell culture and permitting access to the contained living tissue. One figure	487
R. G. WILLIAMS. An adaptation of the transparent chamber technique to the skin of the body. Three figures	493
ALDEN B. DAWSON. Additional evidence of the failure of epiphyseal union in the skeleton of the rat. Studies on wild and captive gray Norway rats. Two plates (twelve figures)	501
AMERICAN SOCIETY OF ZOÖLOGISTS. Thirty-second session: Program, Constitution and By-laws, and Abstracts of papers	Sup. 1
